STATEMENT FROM COMMISSIONERS ON TIM RHODES

“We are pleased to announce that the Honorable Tim Rhodes has accepted the position of Director of Administration at the Commission. Mr. Rhodes is currently Oklahoma County Court Clerk. He combines valuable experience as a public official, an attorney and a special judge. He has proven abilities in administration and other areas essential to the operation of the Oklahoma Corporation Commission. The OCC faces great challenges, and as Oklahomans look to this agency for honesty, openness and fairness in dealing with public utility, energy and transportation issues, we have confidence in Mr. Rhodes’ ability to help lead this agency into the future while preserving our core principles of courteous public service and effective operation. His first day at the Commission will be November 23, 2015.”
