165:59-3-14. Eligibility to receive OUSF funding

(a) The incumbent local exchange telecommunications service provider, its successors and assigns, which owned, maintained and provided facilities for universal service within a local exchange area on January 1, 1996, shall be the eligible local exchange telecommunications service provider eligible for OUSF funding within the local exchange area, except as otherwise provided for in the Telecommunications Act, 17 O.S. §§ 139.101, et seq.

(b) Upon request, and after notice and hearing, the Commission shall consider the designation of more than one eligible local exchange telecommunications service provider in a universal service area to receive funding from the OUSF under the Oklahoma Telecommunications Act.

(c) Where the incumbent local exchange telecommunications service provider receives or is eligible to receive monies from the OUSF, except as otherwise provided in 17 O.S. § 139.106, the Commission, after notice and hearing, may designate other local exchange telecommunications service providers to be eligible for the funding, provided:

1. The other local exchange telecommunications service provider is certificated by the Commission to provide and offer the primary universal services supported by the OUSF to all customers in the universal service area designated by the Commission, using its own facilities, or a combination of its own facilities and the resale of the services or facilities of another;

2. The other local exchange telecommunications service provider may only receive funding for the portion of the facilities that it owns, maintains, and uses for regulated services;

3. The other local exchange telecommunications service provider shall not receive OUSF funding at a level higher than the level of funding the incumbent local exchange telecommunications service provider is eligible to receive for the same area if the incumbent local exchange telecommunications service provider is also providing service in the same area; provided, the cost of any cost studies required to be performed shall be borne by the party requesting such studies, unless the party performing the study utilizes the study for its own benefit;

4. The other local exchange telecommunications service provider advertises the availability and charges for services it provides through a medium of general distribution; and,

5. It is determined by the Commission that the designation is in the public interest and the other local exchange telecommunications service provider is in compliance with all Commission rules for which a waiver has not been granted.

(d) For any area served by an incumbent local exchange telecommunications service provider which serves less than seventy-five thousand (75,000) access lines within the State, only the incumbent local exchange telecommunications service provider shall be eligible for OUSF funding except;
(1) Other eligible telecommunications service providers and eligible providers which provide Special Universal Services or Lifeline service shall be eligible to request and receive OUSF funds in the same manner as the incumbent local exchange telecommunications service provider in the same area pursuant to this Chapter;

(2) The incumbent local exchange telecommunications service provider may elect to waive the right to be the only eligible local exchange telecommunications service provider within the local exchange area by filing notice with the Commission; or

(3) When the Commission, after notice and hearing, makes a determination that it is in the public interest that another local exchange telecommunications service provider should also be deemed a carrier of last resort and be eligible to receive OUSF funding in addition to the incumbent local exchange telecommunications service provider. It shall not be in the public interest to designate another local exchange telecommunications service provider as being a carrier of last resort and eligible to receive OUSF funding if such designation would cause a significant adverse economic impact on users of telecommunications services generally or if the other carrier refuses to seek and accept carrier of last resort obligations throughout the universal service area as designated by the Commission. The other local exchange telecommunications service provider shall not receive OUSF funding at a level higher than the level of funding the incumbent local exchange telecommunications service provider is eligible to receive for the same area if the incumbent local exchange telecommunications service provider is also providing service in the same area and the other local exchange telecommunications service provider meets the requirements of subsection (c) of this Section.

(e) In order to be designated as an eligible local exchange telecommunications service provider for purposes of Federal Universal Service support, the local exchange telecommunications service provider shall meet the requirements of 47 U.S.C. § 214(e).

(f) Notwithstanding the criteria set forth in this Section for designation as an eligible local exchange telecommunications service provider, a commercial mobile radio service provider may, after notice and hearing, seek OUSF Funding for the provision of services supported by the OUSF.

(g) Notwithstanding the criteria set forth in this Chapter for designation as an eligible local exchange telecommunications service provider, any eligible provider may seek OUSF Funding for the provision of Special Universal Services consistent with 17 O.S. § 139.109.1.

(h) Any eligible provider shall receive funding for any Special Universal Services provided from the OUSF without a hearing, in a manner consistent with OAC 165:59-7-1 and the Oklahoma Telecommunication Act. The funding shall be approved only after the appropriate forms have been filed with the Commission's Court Clerk and reviewed by the OUSF Administrator or contracted agent.

(i) For an area served by an incumbent local exchange telecommunications service provider which serves less than seventy-five thousand (75,000) access lines within the State, the incumbent local exchange telecommunications service provider may elect to waive the right to be the only eligible local exchange telecommunications service provider within the local exchange area by filing notice with the Commission.

In no event shall any area(s) be without the capability of accessing universal services supported by the OUSF. If no eligible local exchange telecommunications service provider is currently providing the services that are supported by the OUSF to an unserved area or any portion of the area that requests such service, the Commission will:

1. Determine which eligible local exchange telecommunications service provider(s) are best able to provide such service to the unserved area(s), or portion of the area(s); and,

(a) A contributing provider may, at its option, recover the amount it pays into the OUSF from its retail customers as provided in the Oklahoma Telecommunications Act. If the contributing provider elects to recover the amount of its contributions from its retail customers, such recovery shall be made in a fair, equitable and nondiscriminatory manner.
(b) Any over-recovery of the OUSF contributions for the preceding year shall be carried forward to the ensuing year, and shall be included as a reduction in the calculation of the retail end-user recovery amount for the ensuing twelve-month period of the contributing provider's OUSF contributions. Any under-recovery of the OUSF contribution for the preceding year, may be

165:59-3-64. Identifying and measuring the level of OUSF funding

(a) In identifying and measuring the costs of providing primary universal services, exclusively for the purpose of determining OUSF funding levels under 17 O.S. § 139.106, the eligible local exchange telecommunications service provider serving less than seventy-five thousand (75,000) access lines shall, at its option:

(1) Calculate such costs by including all embedded investments and expenses incurred by the eligible local exchange telecommunications service provider in the provision of primary universal service, and may identify high-cost areas within the local exchange area it serves and perform a fully distributed allocation of embedded costs and identification of associated primary universal service revenue. The cost study shall identify any investments and associated expenses jointly used for the provision of primary universal service and any other services and provide a reasonable allocation of those investments and expenses. Such calculation may be made using fully distributed FCC Parts 32, 36, and 64 costs, if such Parts are applicable. The high-cost area shall be no smaller than a single exchange, wire center, or census block group, chosen at the option of the eligible local exchange telecommunications service provider; or,

(2) Adopt the cost studies approved by the Commission for a local exchange telecommunications service provider that serves seventy-five thousand (75,000) or more access lines; or,

(3) Adopt such other costing or measurement methodology as may be established for such purpose by the FCC pursuant to Section 254 of the Federal Telecommunications Act of 1996.

(b) In identifying and measuring the cost of providing primary universal services, and exclusively for the purpose of determining OUSF funding levels pursuant to 17 O.S. § 139.106, each ILEC which serves seventy-five thousand (75,000) or more access lines and each CLEC shall identify high-cost areas within the local exchange and perform a cost study using a Commission-approved methodology from those identified in subsection (a) of this Section. The high-cost area shall be no smaller than a single exchange, wire center or census block group chosen at the option of the eligible ILEC or CLEC. If the Commission fails to approve the selected methodology within one hundred twenty (120) calendar days of the filing of the selection, the selected methodology shall be deemed approved.

(c) Primary Universal Service provided by an eligible local exchange telecommunications service provider may be provided using facilities, including the end user loop component and functionality, which allow access to the Internet, including access to combined consumer voice and broadband Internet service. The costs and revenues associated with such facilities, calculated pursuant to Parts 32, 36, and 64 of Title 47 of the Code of Federal Regulations, may be included in determining OUSF funding levels, consistent with applicable federal and state laws. Primary Universal Service does not include broadband Internet access service as defined at 47 C.F.R. § 8.1(b).

(d) For any cause filed pursuant to 17 O.S. § 139.106(G), the OUSF Administrator's Determination, or order issued by the Commission, may be the basis for reimbursement for no more than five (5) subsequent twelve (12) month periods beyond the initial request, subject to an annual variance and risk-based review by the OUSF Administrator, pursuant to OAC 165:59-3-70(o).
165:59-3-66. Procedures for OUSF administrative preapproval request

Preapproval is an optional process available to OUSF Beneficiaries who desire to have certainty regarding the amount that will be paid from the OUSF in support of Special Universal Services on behalf of the OUSF Beneficiary.

1. The OUSF Beneficiary may submit a "Request for OUSF Preapproval" to the OUSF Administrator to determine eligible services and credit amounts for the upcoming funding year.

2. A Request for OUSF Preapproval may be submitted at any time by sending via electronic mail a digital copy of all required documentation to the OUSF Administrator, to the email address posted on the Commission's website, until such time as the Commission implements the electronic filing system. Once the electronic filing system is in place, the OUSF Beneficiary shall file all required documentation using the electronic filing system.

3. The Request for OUSF Preapproval shall include the following:
   (A) All documents and information required by the approved form; and
   (B) All documents identified in 17 O.S. § 139.109.1(F)(2)(d).

4. The Request for OUSF Preapproval may include any documentation that would assist the OUSF Administrator in independently evaluating the request.

5. The OUSF Administrator and/or contracted agent shall independently evaluate and review the Request for OUSF Preapproval, including all provided documentation, and issue an OUSF preapproval funding letter, without Commission order, to the OUSF Beneficiary within ninety (90) calendar days of receipt of the Request for OUSF Preapproval. The preapproval funding letter shall be electronically delivered to the OUSF Beneficiary.

6. A Request for OUSF Preapproval that is found by the OUSF Administrator to be incomplete (missing information required by the form and instruction package contained on the Commission website) may be denied.

7. After a preapproval funding letter has been issued, an OUSF Beneficiary may submit a new Request for OUSF Preapproval to provide corrections or additional information per this Chapter; however, a new Request shall be submitted for each funding year. This new Request shall be submitted by sending via electronic mail a digital copy of all required documentation to the OUSF Administrator, to the email address posted on the Commission's website, until such time as the Commission implements the electronic filing system. Once the electronic filing system is in place, the OUSF Beneficiary shall file all required documentation using the electronic filing system.

8. Unless an OUSF Beneficiary receives preapproval of a Request for OUSF Preapproval, the Beneficiary shall not identify the OUSF as the source of secured funds for any purpose.

9. The amount of OUSF funding preapproved under this subsection shall be subject to
adjustments based on the amount of support received from other sources, if any, as well as adjustments to pricing that may occur between the time of preapproval and installation of service.

(10) Additional services that are installed beyond those contained in the Request for OUSF Preapproval shall require either a new Request for OUSF Preapproval or a Request for OUSF Funding to be filed.

(11) Variance from the terms approved in the OUSF preapproval funding letter, which could have impacted bid selection may make the previously issued OUSF preapproval funding letter null and void.

(12) A Request for OUSF Preapproval submitted by an OUSF Beneficiary shall be signed by an authorized agent of the OUSF Beneficiary, or by the attorney for the OUSF Beneficiary.

165:59-3-68. Procedures for requesting funding from the OUSF – Special Universal Services

(a) An eligible provider of Special Universal Services may seek and obtain funds from the OUSF by filing a "Request for OUSF Funding" and "Notice of Request for OUSF Funding" with the Commission's Court Clerk. On the date of filing the Request for OUSF Funding, the eligible provider shall deliver a filed copy of the Request for OUSF Funding to the OUSF Administrator for processing.

(1) If the OUSF Beneficiary filed a Request for OUSF Preapproval, and a preapproval funding letter was issued by the OUSF Administrator, then the eligible provider must file the Request for OUSF Funding in the same cause number as the Request for OUSF Preapproval.

(2) If the Request for OUSF Funding requests anything different than what is stated in the OUSF preapproval funding letter, then the eligible provider shall file the Request for OUSF Funding as a new cause number.

(b) The Request for OUSF Funding shall include, but not be limited to the following:

(1) The name and address of the eligible provider;

(2) The name and address of the OUSF Beneficiary;

(3) A description of the provisions of the Oklahoma Telecommunications Act relied on for the request;

(4) The amount requested for funding;

(5) The completed Affidavit, including all required attachments;

(6) An affidavit signed by the eligible provider, verifying the truth and accuracy of the information contained in the Request for OUSF Funding and attachments; and

(7) A copy of the preapproval funding letter, if preapproval was sought by the OUSF Beneficiary.
(c) To facilitate the timely evaluation of requests for funding from the OUSF, a Request for OUSF Funding shall not contain a request for funding Special Universal Services to more than one Eligible Healthcare Entity, or more than one School District, or more than one Library system. An eligible provider to a consortium may request a waiver from the OUSF Administrator to allow a Request for OUSF Funding to include eligible members of the consortium within a single request for funding.

(d) No amended Requests for OUSF Funding shall be accepted. Eligible providers may withdraw the originally filed Request for OUSF Funding and file a new request at any time prior to the issuance of the Determination. Upon the filing of a Withdrawal of Request for OUSF Funding, the Commission's Court Clerk shall close the file, without Commission order. If a new request is filed, it shall be filed under a new cause number.

(e) A Request for OUSF Funding found to be incomplete (missing information required by the form and instruction package contained on the Commission website) may be denied.

(f) It is the intention of the OUSF Administrator that each Request for OUSF Funding will be independently evaluated and reviewed on a case-by-case basis.

(g) Consistent with 17 O.S. § 139.109.1(B)(2), the OUSF Beneficiary shall make every reasonable and timely effort to obtain funding from alternative funding sources designated to support universal service, and shall submit all documentation of the effort to obtain funding from alternative funding sources as a part of the eligible provider's Request for OUSF Funding, or an explanation for why alternative funding is not available.

(h) If an eligible provider receives funding from alternative funding sources for an investment or expense already reimbursed by the OUSF, the eligible provider shall refund the double collection to the OUSF by either reducing a prospective funding request from the OUSF by an equivalent amount or remitting cash payment to the OUSF. Under no circumstances will double recovery be allowed.

(i) Concurrent with the filing of the Request for OUSF Funding, the eligible provider shall:

1. Provide copies of its Request for OUSF Funding and Notice of the Request for OUSF Funding to the OUSF Administrator, the Oklahoma Attorney General, and the OUSF Beneficiary.

2. Provide Notice of the Request for OUSF Funding to the contributing providers by providing an electronic copy of such Notice to the OUSF Administrator on the date the eligible provider files its Request for OUSF Funding with the Commission's Court Clerk, for posting on the Commission's website. The OUSF Administrator will then place the Notice on the Commission's website within five (5) business days.

3. Provide notice which identifies the dollar amount requested for the lump sum and any recurring amounts, as well as the name and address of the OUSF Beneficiary.

(j) The OUSF Administrator and/or its contracted agent shall independently evaluate, review, and determine the accuracy of the complete request and issue a Determination of the eligibility for funds, within sixty (60) calendar days if an OUSF preapproval funding letter was issued, or within ninety (90) calendar days if no preapproval funding letter was issued. Simultaneously with the OUSF Administrator or contracted agent providing a copy of the Determination to the eligible provider and parties to the cause, the OUSF Administrator or contracted agent shall file the Determination in the Commission's Court Clerk and post it to the Commission's website. The eligible provider shall provide a copy of the OUSF Administrator's Determination to the OUSF Beneficiary within five (5) calendar days after it is filed. If the OUSF Beneficiary received an OUSF preapproval funding letter and subsequently requested additional bids that were not
reviewed by the OUSF Administrator during the preapproval process, then the OUSF preapproval funding letter is null and void.

(k) Any affected party, as defined in 17 O.S. § 139.106(D)(5), may file a request for reconsideration within fifteen (15) calendar days of the Determination being filed by the OUSF Administrator, by following the procedures in OAC 165:59-3-72.

(l) If no Request for Reconsideration is filed, the Determination shall be deemed final on the sixteenth (16) calendar day after the Determination is filed, and the cause with the Commission’s Court Clerk shall automatically be closed upon the filing of a Notice of Disbursement by the OUSF Administrator. The OUSF Administrator or contracted agent shall issue payment within forty-five (45) days of the previously mentioned sixteenth (16) day, without an order of the Commission.

(m) Unless good cause is shown, any Request for OUSF Funding should be made within eighteen (18) months from the date the requesting eligible provider can determine the impact of occurrence of the circumstance giving rise to the request; however, if an OUSF Beneficiary has obtained an OUSF preapproval funding letter from the OUSF Administrator, the eligible provider shall make a request for funding within sixty (60) calendar days of the start of service.

(n) An eligible provider shall receive future reimbursement upon submission of properly formatted monthly payment requests, and any other required forms, to the OUSF Administrator and/or contracted agent, which shall include discount adjustments received from alternative funding sources designated to support universal service such as E-rate and the FCC’s rural health care programs. Any ongoing monthly recurring charges will be adjusted as necessary based on the appropriate discount approved by USAC.

(o) An eligible provider shall notify the OUSF Administrator and/or contracted agent in writing, and in a format determined by the OUSF Administrator and/or contracted agent, of any changes to the provisioning of service, including but not limited to disconnection of service, upgrade and/or downgrade in connectivity speed, change in E-rate discount, or price. Any change to the previously approved Special Universal Services will require approval from the OUSF Administrator and/or contracted agent in order to determine if a new Request for OUSF Funding will be required, rather than the OUSF Administrator approving reimbursement through the monthly payment process. The OUSF Administrator shall advise the eligible provider of its determination within sixty (60) calendar days of receipt of the written notice from the eligible provider identifying the change(s). If the OUSF Administrator fails to advise the eligible provider of its determination concerning the requested change within the sixty (60) calendar day period, the OUSF funding being received by the eligible provider will cease until a new Request for OUSF Funding is processed in accordance with the Oklahoma Telecommunications Act and this Chapter.

(p) When an eligible provider will no longer be providing Special Universal Services it shall notify the OUSF Administrator of the disconnection of service date fifteen (15) business days prior to disconnection, or immediately upon receipt of a request for disconnection, if the request is less than fifteen (15) business days prior to disconnection.

(q) No OUSF funds shall be disbursed to an eligible provider of Special Universal Services until the services are installed and in service.

(r) A Request for OUSF Funding, pursuant to this Section, shall be signed by an authorized agent of the eligible provider, or by the attorney for the eligible provider.

Upon the filing of a Withdrawal of Request for OUSF Funding, the Commission's Court Clerk shall close the file, without Commission order. If a new request is filed, it shall be filed under a new cause number.

(e) Requests for OUSF Funding found to be incomplete (missing information required by the form and instruction package contained on the Commission website) may be denied.

(f) It is the intention of the OUSF Administrator that each funding request will be independently evaluated and reviewed on a case-by-case basis.

(g) The eligible local exchange telecommunications service provider requesting OUSF funding for primary universal service shall make every reasonable and timely effort to obtain funding from alternative funding sources designated to support universal service, and shall submit all
documentation of the effort to obtain funding from alternative funding sources designated to support universal service as a part of its Request for OUSF Funding, or an explanation for why alternative funding is not available. Upon the eligible local exchange telecommunications service provider producing the documentation that it has sought alternative funding sources or an explanation for why alternative funding is not available, the eligible local exchange telecommunications service provider shall not be precluded from having its Request for OUSF Funding processed.

(h) If an eligible local exchange telecommunications service provider receives funding from alternative funding sources for an investment or expense already reimbursed by the OUSF, the eligible local exchange telecommunications service provider shall refund the double collection to the OUSF by either reducing a prospective funding request from the OUSF by an equivalent amount or remitting cash payment to the OUSF. Under no circumstances will double recovery be allowed.

(i) Concurrent with the filing of the Request for OUSF Funding, the eligible local exchange telecommunications service provider shall:

1. Provide copies of its Request for OUSF Funding and Notice of the Request for OUSF Funding to the OUSF Administrator and the Oklahoma Attorney General.
2. Provide Notice of the Request for OUSF Funding, which shall include the dollar amount of the request for lump sum and any recurring amounts, to the contributing providers by providing an electronic copy of such Notice to the OUSF Administrator on the date the eligible local exchange telecommunications service provider files its Request for OUSF Funding with the Commission's Court Clerk, for posting on the Commission website. The OUSF Administrator will then place the Notice on the Commission website within five (5) business days.

(j) The OUSF Administrator and/or contracted agent shall independently evaluate, review, and determine the accuracy of the complete request and issue a determination of the eligibility for funds, which details the amount of funding recoverable from the OUSF, within ninety (90) calendar days. Simultaneously with the OUSF Administrator or contracted agent advising the provider and parties to the cause, the OUSF Administrator or contracted agent shall file the written Determination in the Commission's Court Clerk and post it to the Commission's website. The eligible local exchange telecommunications service provider shall provide a copy of the OUSF Administrator's Determination to all parties of record within five (5) calendar days after it is filed.

(k) Any affected party, as defined in 17 O.S. § 139.106(D)(5), may file a Request for Reconsideration within fifteen (15) calendar days of the Determination being filed by the OUSF Administrator, by following the procedures in OAC 165:59-3-72.

(l) If no Request for Reconsideration is filed, the Determination shall be deemed final on the sixteenth (16) calendar day after the Determination is filed, and the cause with the Commission's Court Clerk shall automatically be closed upon the filing of a Notice of Disbursement by the OUSF Administrator. The OUSF Administrator or contracted agent shall issue payment within forty-five (45) calendar days of the previously mentioned sixteenth (16) day, without an order of the Commission.

(m) Unless good cause is shown, any Request for OUSF Funding pursuant to this Section shall be made within a reasonable time from the date the requesting local exchange telecommunications service provider can determine the impact of occurrence of the circumstance giving rise to the request, including receipt or notification of alternative funding designed to support universal service. However, this shall neither preclude a local exchange telecommunications service
provider from filing a Request for OUSF Funding, nor shall it preclude such a Request from being processed, prior to the time a final decision is made regarding alternative funding from a program designed to support universal service.

(n) A Request for OUSF Funding, pursuant to this Section, shall be signed by an attorney for the eligible local exchange telecommunications service provider.

(o) For causes filed pursuant to 17 O.S. § 139.106(G), consistent with OAC 165:59-3-64(d), and when the OUSF Administrator has previously issued an initial Determination or a Commission final order has been issued, an eligible local exchange telecommunications service provider may file an OUSF request pursuant to 17 O.S. § 139.106(G) and request a variance and risk-based review, provided that:

1. Requests for OUSF Funding made pursuant to the variance and risk-based review shall be filed with the Commission's Court Clerk and provided on the date of filing to the OUSF Administrator for processing.
2. The above provisions in OAC 165:59-3-70(d)-(f) and (i)-(l) are applicable to causes processed using the variance and risk-based review.
3. The OUSF Administrator shall develop an annual variance and risk-based review procedure and reporting format that specifies the information to be made available for purposes of such variance and risk-based review.
4. The annual variance and risk-based review process shall include the submission of all information requested, in a format to be developed by the OUSF Administrator.
5. Such annual variance and risk-based review shall be based on comparisons between and among the documentation provided with the initial Request for OUSF Funding, and the information subsequently provided in conjunction with an annual variance and risk-based review.
6. In no case shall an increase in OUSF funding based on an annual variance and risk-based review exceed five (5) percent of the initial amount granted by the Administrator's Determination or a final order issued by the Commission.

165:59-3-72. Request for reconsideration procedures
(a) The Request for Reconsideration and a Notice of Prehearing Conference shall be filed with the Commission's Court Clerk and provided to all parties of record on the same day it is filed. Any party filing a Request for Reconsideration must be represented by an attorney, as defined in OAC 165:5-1-3.
(b) Notice of the Request for Reconsideration shall be given to the OUSF Administrator, the Oklahoma Attorney General, and all parties to the cause, and shall be posted on the Commission's website by the OUSF Administrator.
(c) Upon filing the Request for Reconsideration and the Notice of Prehearing Conference, the Request for Reconsideration shall, without Commission order, be assigned to an ALJ, and set for hearing on the next regularly scheduled prehearing conference date, which is at least five (5) business days after the date of filing, unless the parties agree or the Commission directs otherwise.

(d) At the time a Request for Reconsideration is filed, all documentation not contained in the public record and not filed in the cause with the Commission's Court Clerk, relied upon by the OUSF Administrator in making the Determination, shall be made available to the party filing the Request for Reconsideration. No confidential information and/or highly sensitive confidential information shall be provided until the nondisclosure agreement, as approved pursuant to OAC 165:59:3-30(f) is signed by the affected party. Additionally, all data requests issued with respect to a Request for Reconsideration shall be answered within ten (10) business days, unless otherwise agreed by the parties. Any prefilled testimony, statement of position, or legal brief in support of the Request for Reconsideration shall be filed with the Commission's Court Clerk within fifteen (15) calendar days of the Request for Reconsideration, and provided to all parties of record on the same day it is filed.

The parties shall identify all witnesses or potential witnesses who will provide testimony, and all witnesses or potential witnesses shall submit prefilled testimony. The ALJ may determine that a hearing on the Request for Reconsideration is not needed for causes without material disputes of fact or if all parties waive cross-examination. The hearing on the Request for Reconsideration shall be set within forty-five (45) calendar days of filing of the Request for Reconsideration, unless the Commission orders otherwise. The parties shall adhere to the procedural schedule set by the ALJ, without a Commission order.

(g) The ALJ shall issue an ALJ report containing the findings of fact, conclusions of law, and recommendation within fifteen (15) business days of the hearing on the Request for Reconsideration. If the ALJ determines no hearing on the Request for Reconsideration is necessary, the ALJ shall issue an ALJ report as set forth herein, no later than sixty (60) calendar days after the date the Request for Reconsideration was filed.

(h) Recommendations on motions, objections, and all filings made prior to the issuance of an ALJ report shall be addressed by the ALJ in the ALJ report, containing the recommendation on the merits of the Request for Reconsideration, unless the Commission orders otherwise.

(i) Oral or written exceptions regarding motions, objections, and all filings made prior to the issuance of an ALJ report will not be allowed, unless the Commission orders otherwise. Exceptions to the ALJ report, shall be governed under OAC 165:5-13-5(a)(2), (b) and (c).

(j) A Request for Reconsideration may be withdrawn at any time prior to opening of the record in the Hearing on the Request for Reconsideration by filing a Withdrawal of Request for Reconsideration with the Commission's Court Clerk. Upon filing a Withdrawal of Request for Reconsideration, the Cause shall be closed by the Commission's Court Clerk, without a Commission order, and payment shall be made within forty-five (45) calendar days after filing the Withdrawal of Request for Reconsideration.

(k) If the Commission does not issue a final order within thirty (30) calendar days from the date the Request for Reconsideration is filed, the Request shall be deemed approved on an interim basis.
subject to refund with interest. To obtain interim funding, the eligible local exchange telecommunications service provider or the eligible provider must file notice with the Commission's Court Clerk of its intention to seek interim funding. 165:59-7-1. Reimbursement from the OUSF for Special Universal Service
(a) An OUSF Beneficiary may be eligible to receive funding from both the OUSF and other state or federal funds; however, in no instance will there be a double recovery. If the OUSF Beneficiary receives funding from another state or federal fund for an investment or expense already reimbursed by the OUSF, the OUSF Beneficiary shall notify the eligible provider, and thereafter the eligible provider shall reduce the amount of its credit to the OUSF Beneficiary and its prospective funding request from the OUSF by an equivalent amount. The OUSF Beneficiary shall make every reasonable effort to obtain funding from another state and/or federal fund designated to support special universal service. The OUSF Beneficiary shall provide the OUSF Administrator with information regarding the OUSF Beneficiary's request for funding from government sources designed to support the provisioning of the Special Universal Service, i.e. the federal schools and libraries program or federal rural health care program, or an explanation of why such funding is not available, or why the OUSF Beneficiary did not request such funding. Failure to provide such documentation may result in the OUSF Administrator denying the request for Special Universal Service funding from the OUSF. The OUSF Beneficiary shall provide evidence of any exemption it has to obtain funding from another state or federal fund designated to support Special Universal Services.
(b) Completing alternative funding requests in a manner that results in reduced alternative funding, for which the OUSF Beneficiary would have otherwise been eligible, may reduce OUSF funding.
(c) The OUSF Administrator will utilize the following procedures when evaluating a request for OUSF funding for Internet access to a public school or public library:

1. A fair and open competitive bidding process shall be used to select the services and eligible provider for which OUSF funding will be sought, including costs for Internet access to schools and libraries for the balance not paid by E-rate.

2. An affidavit will be required from the public school or public library that the bid information submitted to the OUSF Administrator for review contains all the bids received by the school or library. All evaluation tools utilized by the OUSF Beneficiary while reviewing the bids, including all received bids, must be provided to the OUSF Administrator at the Commission offices or in a manner approved by the OUSF Administrator.

3. The OUSF will not reimburse charges for redundant service(s); however, if the eligible provider is unable to provision the eligible bandwidth using a single access line, the OUSF Beneficiary may choose to employ multiple access lines to provision the eligible bandwidth level established by the SETDA standard, as long as all lines are provisioned by the same eligible provider. The OUSF Administrator may waive this requirement for good cause shown.

4. The OUSF shall not fund more than one eligible provider for the same service at the same location for the same time period, except during a transition period from one eligible provider to another. Such funding during a transition period shall not exceed thirty (30) calendar days.

5. The OUSF will fund either the lowest cost reasonable qualifying bid, or a bid that is no more than 25% above the lowest cost reasonable qualifying bid, inclusive of all non-recurring eligible charges, for the eligible bandwidth range of the OUSF Beneficiary. If the selected bid is more than 25% above the lowest cost reasonable qualifying bid, the OUSF will fund the lowest cost reasonable qualifying bid plus the 25%.

6. The OUSF Beneficiary’s request for bids shall clearly identify the minimum and a maximum bandwidth at standard available levels as suggested in guidelines promulgated by the FCC or Commission rules.

7. Once OUSF funding has been approved pursuant to the Oklahoma Telecommunications Act, the eligible provider should submit monthly payment reports to the OUSF Administrator or the contracted agent on a monthly basis. The initial payment will be as necessary to pay all amounts approved but not yet received by the eligible provider. After the initial monthly payment request is submitted, a monthly payment request should be submitted by the eligible provider to collect the amount of credit provided to the OUSF Beneficiary. The monthly payment requests shall be paid on the next regularly scheduled payment date. A new Request for OUSF Funding must be filed to recover any monthly payment amount that exceeds ninety (90) days of service, unless otherwise agreed to by the OUSF Administrator.

8. Monthly payment reports must be received in the form and content prescribed by the OUSF Administrator.

9. The OUSF Administrator will post to the Commission website a copy of the monthly payment report within five (5) business days of the payment report being approved by the OUSF Administrator.

10. Monthly recurring amounts or other funding related changes (e.g. level of bandwidth, or changes in E-rate discount amount) will not be increased from the approved amount without supporting documentation being made available to the OUSF Administrator.

11. Funding for eligible services, including federal funding, shall not exceed actual eligible expenses.
(d) The OUSF Administrator will utilize the following procedures when evaluating a request for OUSF funding for a telemedicine line:

1. A fair and open competitive bidding process shall be used to select the services and eligible provider for which OUSF funding will be sought, including costs for Internet access to eligible healthcare entities.

2. An affidavit will be required from the eligible healthcare entity that the bid information submitted to the OUSF Administrator for review contains all the bids received by the eligible healthcare entity. All evaluation tools utilized by the OUSF Beneficiary while reviewing the bids, including all received bids, must be provided to the OUSF Administrator.

3. The OUSF will not reimburse charges for redundant service(s); however, the eligible healthcare entity may choose to employ multiple access lines to provision the eligible bandwidth level established by the FCC, and as stated in OAC 165:59-7-6(c), as long as all lines are provisioned by the same eligible provider.

4. The OUSF shall not fund more than one eligible provider for the same service at the same location for the same time period, except during a transition period from one eligible provider to another. Such funding during a transition period shall not exceed thirty (30) calendar days.

5. The OUSF will fund reasonable installation and/or reasonable construction charges. These charges shall be evaluated as part of the OUSF Administrator's analysis of lowest cost reasonable qualifying bid selection by the OUSF Beneficiary. Installation charges, construction charges, early termination fees, and charges assessed upon the expiration of a contract will be amortized over the initial term of the contract when determining the lowest cost reasonable qualifying bid.

6. The OUSF will fund either the lowest cost reasonable qualifying bid, or a bid that is no more than 25% above the lowest cost reasonable qualifying bid, inclusive of all non-recurring eligible charges, for the eligible bandwidth range provided in OAC 165:59-7-6(c) of the OUSF Beneficiary. If the selected bid is more than 25% above the lowest cost reasonable qualifying bid, the OUSF will fund the lowest cost reasonable qualifying bid plus the 25%.

7. Once OUSF funding has been approved pursuant to the Oklahoma Telecommunications Act, the eligible provider should submit monthly payment reports to the OUSF Administrator or the contracted agent on a monthly basis. The initial payment will be as necessary to pay all amounts approved but not yet received by the eligible provider. After the initial monthly payment request is submitted, a monthly payment request should be submitted by the eligible provider to collect the amount of credit provided to the eligible healthcare entity. The monthly payment requests shall be paid on the next regularly scheduled payment date. A new Request for OUSF Funding must be filed to recover any monthly payment amount that exceeds ninety (90) days of service, unless otherwise agreed to by the OUSF Administrator.

8. Monthly payment reports must be received in the form and content prescribed by the OUSF Administrator.

9. The OUSF Administrator will post to the Commission website a copy of the monthly payment report within five (5) business days of the payment report being approved by the OUSF Administrator.

10. Monthly recurring amounts or other funding related changes (i.e. level of bandwidth) will not be increased from the approved amount without supporting documentation being made available to the OUSF Administrator.

11. Funding for eligible services, including federal funding, shall not exceed actual eligible expenses.
(12) Increases in cost caused by the expiration of a contract will not be permitted via the monthly payment process when the new cost is higher than 10% of the expired contract and when there is no new contract in place. A new Request for OUSF Funding will need to be filed in the Commission's Court Clerk to recover any difference in prices caused by an expired contract.

(13) Reimbursement of the cost for any additional service above and beyond the telemedicine bandwidth on contracts and invoices will be denied, unless the costs are in compliance with the Oklahoma Telecommunications Act. Invoices provided to request OUSF Funding must contain a breakdown of non-eligible expenses, such as firewall (unless provided as a standard component of Internet access by the eligible provider to all customers with the same type of service and not priced separately), email packages, and domain registration, etc.

(e) If a Request for Reconsideration is filed and subsequently withdrawn, the OUSF Administrator will pay the determined amount no later than forty-five (45) calendar days after the date the Request for Reconsideration is withdrawn.

165:59-7-6. Telemedicine access for eligible healthcare entities
(a) It is the intention of the Commission that this Chapter be interpreted to assist in the
development of telemedicine service programs which in turn have the following effects on eligible
healthcare entities:

1. Empowering eligible healthcare entities, especially those in rural areas, to provide a higher
level of medical service;
2. Expanding the range of medical services available, especially those in rural areas;
3. Providing greater access to more choices in medical care by patients in rural areas;
4. Reducing the number of rural patient transfers to urban areas;
5. Enhancing rural economic development; and
6. Reducing the costs of medical care at eligible healthcare entities.

(b) Upon compliance with the competitive bidding process, and other requirements set forth in the
Oklahoma Telecommunications Act, and upon receipt of a written request by an authorized
representative of an eligible healthcare entity, as defined by this Chapter, the eligible provider
shall, by itself or in conjunction with another provider of telecommunications services, provide
Special Universal Services to the eligible healthcare entity.

c) Special Universal Services to an eligible healthcare entity include the provision of bandwidth
per standards as recommended by the FCC sufficient for providing telemedicine services including
the telemedicine line, reasonable installation, and network termination equipment owned and
operated by the eligible provider that is necessary to provide the eligible telemedicine service.
Bandwidth may be rounded up to the next available standard service increment to avoid increased
costs to the fund.

1. The OUSF Administrator shall approve funding for bandwidth requests, up to and including
the amount listed below, for an eligible healthcare entity as follows:

   (A) Department of Corrections shall be eligible for funding up to 100 Mbps;
   (B) Federally Qualified Health Centers shall be eligible for funding as follows:
      (i) Urban locations up to 500 Mbps;
      (ii) Rural locations up to 100 Mbps.
   (C) County Health Department shall be eligible for funding as follows:
      (i) Urban locations up to 500 Mbps;
      (ii) Rural locations up to 100 Mbps.
   (D) City-County Health Department shall be eligible for funding as follows:
      (i) Urban locations up to 500 Mbps;
      (ii) Rural locations up to 100 Mbps.
   (E) Not for Profit Mental Health and Substance Abuse Facilities (certified facilities
       pursuant to OAC 450, Chapters 17 and 24) that are not staffed 24-hours each day shall be
       eligible for funding up to 100 Mbps;
   (F) Eligible healthcare entities that are staffed 24-hours each day, including those which
       are academic facilities, large medical centers, hospitals, and mental health and substance
       abuse facilities (certified facilities pursuant to OAC 450 Chapter 23) shall be eligible to
       receive bandwidth, based on licensed or certified beds, as follows:
       (i) 1 to 50 beds shall be eligible for funding up to 500 Mbps;
       (ii) 51 to 100 beds shall be eligible for funding up to 1 Gbps;
       (iii) 101 to 200 beds shall be eligible for funding up to 3 Gbps;
       (iv) 201 or greater beds shall be eligible for funding up to 10 Gbps.
(G) The eligible healthcare entities, identified above in (A) through (F), which support other eligible healthcare entities as a central location or host, may request additional bandwidth per supported location of up to twenty five percent (25%) of the supported eligible healthcare entity's eligible bandwidth.

(2) When determining whether funding for additional bandwidth is appropriate, when an eligible healthcare entity requests funding for a bandwidth that exceeds the amounts listed in section (1), the OUSF Administrator may consider, but not be limited to considering, the following factors:

(A) Number of health care providers and staff at the eligible healthcare entity;
(B) Number of beds at the eligible healthcare entity;
(C) The telemedicine services provided at the eligible healthcare entity;
(D) Support for other telemedicine facilities that require broadband access with consideration for any payments received by the supporting facility; and
(E) Prior bandwidth usage, not including public network usage.

(d) In no case, however, shall reimbursement from the OUSF be made for an Internet subscriber fee or charges incurred as a result of services accessed via the Internet.

(e) The eligible provider shall be entitled to reimbursement from the OUSF for a one-time reasonable charge for the establishment of service of a new telecommunications line or wireless connection. Under this subsection (e), reimbursement is intended to allow for reasonable changes in 1) the telecommunications services and technologies purchased by an eligible healthcare entity, 2) the physical location of an eligible healthcare entity by permitting establishment of new service at a new location, and/or 3) the eligible provider providing service to an eligible healthcare entity.

(f) The written request by an authorized representative of an eligible healthcare entity to an eligible provider shall be in the form and content approved by the OUSF Administrator.

(g) The OUSF Administrator and/or its contracted agent may periodically seek verification of continued eligibility from an eligible healthcare entity, and the eligible healthcare entity shall maintain sufficient documentation to be able to provide verification of eligibility within fifteen (15) calendar days after request of the OUSF Administrator and/or its contracted agent. Failure to supply the requested eligibility verification within the stated timeframe will result in immediate discontinuance of OUSF support until information is received and deemed complete, unless the Commission directs otherwise.

(h) Eligible healthcare entities that are eligible for funding from a program designed to support universal service, including but not limited to the FCC Rural Health Care Program, are expected to not only request funding, but to follow through and complete the process for Rural Health Care Program funding.

(i) Completing alternative funding requests in a manner that results in reduced alternative funding, for which the OUSF Beneficiary would have otherwise been eligible, may reduce OUSF funding.

(j) If the eligible healthcare entity is eligible for Rural Health Care Program funding, the following documents shall be provided to the OUSF Administrator within thirty (30) calendar days after the eligible healthcare entity has either submitted the form to USAC, or received the form from USAC, whichever is applicable.

(1) If eligible under the Telecommunications program, the eligible healthcare entity must provide the OUSF Administrator the FCC Form 466, Funding Commitment Letter, FCC Form 467, and Health Care Provider Support Schedule.
(2) If eligible under the Healthcare Connect Fund, the eligible healthcare entity must provide the OUSF Administrator the FCC Form 462 and associated network cost worksheet, and Funding Commitment Letter.

165:59-7-8. Internet access to public schools and libraries

(a) It is the intention of the Commission that this Chapter be interpreted to maximize the availability of Internet access to all public schools and public libraries within Oklahoma, so that children within Oklahoma will be able to utilize the Internet to enhance their learning opportunities, thereby better preparing them for the future.
(b) Special Universal Services for schools shall include the E-rate Eligible Services List (ESL) for Category One services as determined by the FCC for the applicable funding year or, in the absence of such a list, as published by USAC. In the event no ESL is available from the FCC or USAC for the applicable funding year, eligible services will be those on the ESL for the last funding year for which an ESL was available.
(c) Special Universal Services shall include the provision of bandwidth sufficient for providing educational services not to exceed, without good cause shown, the standards established for the relevant funding year by SETDA or successor educational broadband standard including Internet access lines, WAN connections, reasonable installation, and network termination equipment owned and operated by the eligible provider as defined by the ESL that is necessary to provide the eligible service. Student counts as reported to the State Department of Education in October of the year prior to the relevant funding year shall be utilized for the purpose of determining bandwidth recommendations established by SETDA for purposes of this paragraph. In the absence of standards prescribed for the applicable funding year, the standards for the next prescribed funding year shall be used. Bandwidth may be rounded up to the next available standard service increment to avoid increased costs to the fund.
(d) Special Universal Services for libraries shall include the E-rate Eligible Services List (ESL) for Category One services as determined by the FCC for the applicable funding year or, in the absence of such a list, as published by USAC. In the event no ESL is available from the FCC or USAC for the applicable funding year, eligible services will be those on the ESL for the last funding year for which an ESL was available.
(e) Special Universal Services shall include the provision of bandwidth sufficient for providing library services per standards as recommended by the FCC including Internet access lines, reasonable installation, and network termination equipment owned and operated by the eligible
provider that is necessary to provide the eligible service. Bandwidth may be rounded up to the next available standard service increment to avoid increased costs to the fund.

(f) Special Universal Services shall not include voice services that use separate lines or have allocated bandwidth.

(g) In no case will the OUSF reimburse an entity for an Internet subscriber fee or charges incurred as a result of services accessed via the Internet.

(h) The eligible provider shall update the OUSF Administrator through the monthly payment process if E-rate funding is discontinued, for any reason, within thirty (30) calendar days of receiving notification from USAC.

(i) The Commission encourages public schools to request sufficient bandwidth to achieve the school's educational goals.

165:59-7-10. Other sources of funds

(a) OUSF Beneficiaries should make every reasonable effort to seek other sources of funding from State or federal funds, to minimize the impact on the OUSF. This includes completing the application process and requesting disbursement of funds from the federal fund administrator when funding is approved.

(b) Completing alternative funding requests in a manner that results in reduced alternative funding, for which the OUSF Beneficiary would have otherwise been eligible, may reduce OUSF funding.

(c) In the event that federal universal service funding programs offer to match state funds for special construction cost, OUSF Beneficiaries will post bid requests with sufficient lead time for the OUSF Administrator to timely provide preapproval of the selected bid.

(a) After compliance with the Oklahoma Telecommunications Act, and upon receipt of a written request by an OUSF Beneficiary, the eligible provider receiving the request shall make a good faith effort to provide the requested Special Universal Service not later than ten (10) business days after receiving the request.

(b) If the requested Special Universal Service cannot be provided within the time limit established by subsection (a) of this Section, the eligible provider shall immediately notify the OUSF Beneficiary requesting the service of the estimated delay and any interim service that might be available. Service requests shall be filled as quickly as practicable, but no longer than thirty (30) days after the request for service has been received by the eligible provider unless unavoidable delays beyond the eligible provider's control are experienced. If the service will be delayed longer than thirty (30) days, the eligible provider shall promptly notify the OUSF Administrator of the reason for the delay upon becoming aware of the delay, and the anticipated completion date of the request for service.

165:59-7-19. Competitive Bidding
(a) In the interest of fostering a fair and open bidding process from all qualified bidders eligible to receive OUSF funding under the Oklahoma Telecommunications Act, the following are requirements for requests for bids:
   (1) The bidder must be an eligible provider, as defined in 17 O.S. § 139.102.
   (2) Bidding shall not be structured in a manner to exclude carriers eligible to receive OUSF funding where the OUSF Beneficiary is located.
      (A) The bid request must require ineligible services be priced separately from OUSF eligible services.
      (B) The bid request shall not require that the Internet and WAN be provided by the same eligible provider.
      (C) To avoid bid structuring, the bid request shall clearly identify the requested bandwidth range, inclusive of the eligible bandwidth limit, of the OUSF Beneficiary, and shall include a minimum and a maximum bandwidth at standard available levels as suggested in guidelines promulgated by the FCC or Commission rules.
(b) Bids must contain all costs to provide the Special Universal Services. Any bid containing estimated costs, other than fees and taxes to be paid to a third party, will be disregarded as not meeting the bid requirements.
(c) Bidders are presumed to know statutory requirements for contracts for public entities; bids that do not conform to requirements for public entities may be disregarded.

(a) The OUSF will fund reasonable installation and special construction charges. These charges shall be evaluated for purposes of the OUSF Administrator's analysis of lowest cost reasonable qualifying bid selection by the OUSF Beneficiary as part of the overall bid pricing and funding evaluation, and will be amortized as follows:

(1) For schools and libraries, over a one (1) year period, unless the bid allocates the construction over multiple years and is approved pursuant to state or federal law.

(2) For telemedicine, over the lifetime of the contract, not to exceed five (5) years.

(b) Upon request by the OUSF Beneficiary, during the preapproval process, the OUSF Administrator's analysis of lowest cost reasonable qualifying bid may allocate special construction charges over the period selected in the special construction cost analysis in (c) in order to consider long term cost effectiveness to the OUSF.

(c) Special Construction Cost:

(1) Prior to posting the request for bids, the OUSF Beneficiary is required to seek OUSF Administrator review of any bid evaluation criteria for any projects involving special construction cost. Review of the request for bids and bid evaluation criteria does not guarantee approval of funding.

(2) Cost effectiveness evaluation for projects with special construction cost may extend up to five (5) years.

(3) If special construction is funded, special construction will not be available again to the location(s) specified for the period used in the analysis.

(4) Special construction costs will not be included in monthly recurring costs.
