

BEFORE THE CORPORATION COMMISSION OF OKLAHOMA

COURT CLERK'S OFFICE - OKC
CORPORATION COMMISSION
OF OKLAHOMA

IN THE MATTER OF A PERMANENT
RULEMAKING OF THE
OKLAHOMA CORPORATION
COMMISSION REVOKING
OAC 165:61, OKLAHOMA E911
EMERGENCY SERVICE FUND

CAUSE NO. RM 201700007

RULE IMPACT STATEMENT

Pursuant to 75 O.S. § 303(D) of the Oklahoma Administrative Procedures Act, the Public Utility Division ("PUD") of the Oklahoma Corporation Commission ("Commission") submits the following Rule Impact Statement for its revocation regarding Title 165, Chapter 61 of the Oklahoma Administrative Code ("OAC").

I. Brief description of the purpose of the proposed rules:

The purpose of the proposed rules is to revoke the entire chapter due to a statutory change to the Oklahoma Telecommunications Act at 17 O.S. § 139.109, via House Bill 2616, which eliminated the Oklahoma E911 Emergency Service Fund.

II. Description of classes of persons most likely to be affected by the proposed rules, including classes that will bear the cost of the proposed rules, and any information on cost impacts received by the agency from private or public entities:

None. The Oklahoma E911 Emergency Service Fund has not collected any funding since the fund reached the size required by statute. The entire fund has been distributed in accordance with the statute and Commission rules, and no beneficiaries have received support from the fund for several years.

III. Classes of persons who will benefit from the proposed rules:

None. The Oklahoma E911 Emergency Service Fund has not collected any funding since the fund reached the size required by statute. The entire fund has been distributed in accordance

with the statute and Commission rules, and no beneficiaries have received support from the fund for several years.

IV. Description of the probable economic impact of the proposed rules upon affected classes of persons or political subdivisions, including a listing of all fee changes and justification for each fee change:

None. The Oklahoma E911 Emergency Service Fund has not collected any funding since the fund reached the size required by statute. The entire fund has been distributed in accordance with the statute and Commission rules, and no beneficiaries have received support from the fund for several years.

V. Probable cost and benefits to the agency and to any other agency of the implementation and enforcement of the proposed rules, the source of revenue to be used for implementation and enforcement of the proposed rules, and any anticipated effect on state revenues:

None. As the Oklahoma E911 Emergency Service Fund has been eliminated, there is no basis for related rules or enforcement thereof. Accordingly there are no costs to any agency.

VI. Determination of whether implementation of the proposed rules will have an economic impact on any political subdivisions or require their cooperation in implementing or enforcing the rules:

None. The Oklahoma E911 Emergency Service Fund has been eliminated and rules are no longer applicable or necessary.

VII. Determination of whether implementation of the proposed rules may have an adverse economic effect on small business as provided by the Oklahoma Small Business Regulatory Flexibility Act:

It is the Commission's PUD staff's opinion that the proposed rules will not have an adverse economic effect on small business because the Oklahoma E911 Emergency Service Fund has been eliminated.

VIII. Explanation of the measures the agency has taken to minimize compliance cost and a determination of whether there are less costly or non-regulatory methods or less intrusive methods for achieving the purpose of the proposed rules:

The proposed rules do not increase compliance costs, and there are no non-regulatory methods or less intrusive methods for achieving the purpose of the proposed rules.

IX. Determination of the effect of the proposed rules on the public health, safety and environment and, if the proposed rules are designed to reduce significant risks to the public health, safety and environment, an explanation of the nature of the risk and to what extent the proposed rules will reduce the risk:

It is anticipated that the proposed rules will not have an adverse effect on the public health, safety and environment.

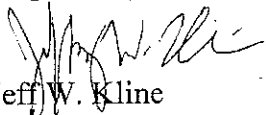

X. Determination of any detrimental effect on the public health, safety and environment if the proposed rules are not implemented:

It is anticipated that there will be no detrimental effect on the public health, safety and environment if the proposed rules are not implemented.

XI. Date of preparation of Rule Impact Statement:

This Rule Impact Statement was prepared on the 15th day of September, 2017.
